Woo- hoo! Thank you Melissa for staying late and battling it out with OMB! There should be an extra special award for that!

I am honored to be part of this amazing team!

Melissa and Peter,

OMB has concluded review on the two TSCA framework rules and guidance document. We have concluded review in ROCIS on the Procedures for Prioritization of Chemicals for Risk Evaluation Under the Toxic Substances Control Act and Guidance to Assist Interested Persons in Developing and Submitting Draft Risk Evaluations Under the Toxic Substances Control Act (TSCA). We have concluded review on the Procedures for Evaluating Existing Chemical Risks Under the Toxic Substances Control Act via this email message.

It has been a pleasure working with you both and all of the staff members on these three actions. It was a tight deadline with numerous discussions with our interagency colleagues up to the last minute! A big thank you to all of the team members for their dedication, hard work, and effort in addressing the interagency feedback during the review.

I hope you both have a great evening, and enjoy the signing ceremony tomorrow!

Best,

Danielle
